

Thinking about the next step?

Looking into health science careers?

Are you interested in working with diverse populations?

Come talk to current Nazareth students about transferring into Nazareth College's Communication Sciences and Disorders program!

The Communication Sciences and Disorders program is a professional program preparing students for graduate studies in Speech Language Pathology or Audiology. Studies include normal aspects of communication and explore various disorders that affect communication across the lifespan.

We'll be at MCC on Wednesday October 23rd

12:00-2:00pm

Come check out our information table in the brick lounge near the bookstore!

Contact Information: tradmissions@naz.edu or 585-389-2053

Brought to you by the Career and Transfer Center at MCC!
