The Very Latest in Coeds

She's Katharine Taylor, 1321 Highland Ave., one of nearly 700 students at the Rochester area's newest college, Monroe Community College. If you're a county or state taxpayer, you're helping to pay their way through college,

since the county, state and student share the \$900 annual expense per student. This makes the student's cost \$300. To see the other beneficiaries of your investment — an enthusiastic group of collegians—please turn to Page 12.

“HerStory”
