

In the history of the League for Innovation there has never been a staff or organizational development tool quite as multifaceted, motivational, or ultimately empowering as iStream. We invite your college or organization to join iStream and put *Innovation at Your Fingertips* TODAY!

With these types of resources and this depth of information, can your institution afford NOT to subscribe to iStream?

For more information, including a free preview of iStream, please contact
Wendy Neil

INNOVATE CONVERSE DISCOVER

"This multimedia resource is full of professional development learning opportunities. I spent time exploring topics, presentations, and keynote addresses, and felt like I had just attended a customized miniconference."

Guy Gooding, District Director, Dallas County Community College District

iStream has entered a new era as a portal-based, multimedia resource that brings the best of the League's conferences, publications, services, partnerships, and networking to everyone on your campus.

iStream's new user interface creates easy access through organized tab indexing for your entire administration, faculty, and student body, and offers the League's abundance of resources and information at your fingertips, anytime and anywhere.

*What iStream offers
community colleges and
higher education in
references and
resources you can't find
through any other
database—not even
Google!*

Value ADDS

Beyond all the video
streamed Keynotes and
Special Sessions that allow
everyone on your campus
to experience a League
Conference, iStream offers
a searchable database
hosting over 11,000 model
programs from the League's
40 years of leading best
practices and higher
education innovations in the
U.S. and around the world.

Ten Q's

Have you ever wondered what books leaders in higher education are reading? Or, more personally, who had the greatest impact in their life achievements? Tune in to *10 Questions to Leadership* and preview these professional, candid, and intriguing responses from leaders in a variety of roles.

Thoughtful TOPICS

This area focuses on monthly themes and targets community college and higher education issues. The streaming videos include keynotes from League conferences, special sessions from national presentations, and webinars from international experts and leaders. The presentations are supported with Learning Guides addressing significant themes and highlighted points for offline discussions. In addition, the Thoughtful Topics Tab includes cataloged reference links and drop-down archives for quick access.

LENs

The Learning Exchange Networks include six online training modules along with facilitator resources, workshop guides, and ancillary materials. The LENs modules quickly and efficiently place a powerful and proven resource in the hands of all full- and part-time faculty on your campus.

League PROJECTS

Reaching beyond funding proposals, League Projects feature the latest updates, outcomes, and ideas from League board and member college projects to include the most current ideas for initiating and expanding projects. League projects promote national models for developing grant proposals for your college community, along with archived references for funding contacts and support resources.

NROC

Through a partnership with the League for Innovation, iStream members can download iPod video lessons from the National Repository of Online Courses (NROC) and access study tools and course supplements supporting U.S. history, government and politics, physics, and environmental science. NROC also provides free seating for iStream members to each NROC Network webinar, with monthly topics focused on innovations in podcasting, elearning, and virtual environments.

Partners SPOTLIGHT

Step into iStream's Partners Spotlight, where the latest product developments, features, and services for higher education are available in this virtual exhibition. Explore the most current companies that serve the community college field, gain access to beta-product review, and reference direct contacts and market experts for higher education products and services.

Publication ARCHIVE

iStream subscribers have access to unlimited copies of *all* League publications, including out-of-print and limited-distribution publications. The Publication Archive contains full-length electronic versions of books, monographs, reports, and other print and digital materials available exclusively to iStream members.

TLT

The Teaching, Learning, and Technology (TLT) Group and the League for Innovation have partnered to provide iStream subscribers front-row, *free seating to practical and thought-provoking professional development workshops and webcasts. The TLT webcasts and online discussion sessions are tailored for academic professionals to help them brainstorm and discuss higher education issues that cross traditional boundaries of roles, status, and departments, with a focus on four important themes:

- Information literacy,
- Productive assessment and evaluation,
- Cost-effective strategies, and
- Dangerous Discussions engaging participants in mutually beneficial discussions about important and controversial issues.

In addition to TLT webcasts, iStream subscribers receive a trial subscription to *Flashlight Online* and have access to a selected series of archives for reference and review.

*To register for free seating (limit 10) please email Wendy Neil (neil@league.org). Registration is on a first come, first serve basis. Beyond limited free seating, iStream subscribers may attend these sessions as members of TLT Group for a discounted price.
