*Dorothy -
Thank you for coordinating
our use of the Damon Campus
for tax prep training -*

Dear Dorothy,

Thank you for partnering with the C.A.S.H. coalition to create opportunities for working families of Monroe County to get, keep and grow their money. This, our fourth tax season, was very successful – more than 400 community volunteers helped 10,400 households claim over \$14.4 million in tax refunds and credits, including \$8.8 million of Earned Income Credits. Just as important, we opened 250 fee-free savings accounts for unbanked clients, and connected hundreds of families with resources for food stamps, affordable health insurance, child care subsidies, home buyer programs, special savings programs, insight into their credit report, and more.

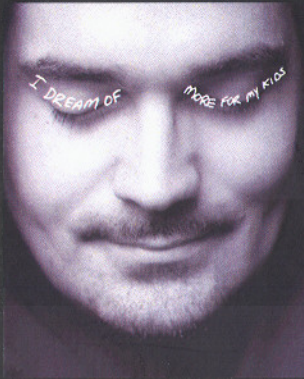

Please accept the enclosed certificate as a token of our appreciation for your contribution to the Creating Assets, Savings and Hope initiative during the 2005-2006 tax season.

Thank you for helping C.A.S.H. to help working families in our community. We look forward to working with you in the future.

Sincerely,

Rita Eygabroad
C.A.S.H. Director
