Monroe Community College does not discriminate on the basis of age, race, creed, color, sex, sexual orientation, national origin, disability, veteran status, gender identity, pregnancy, religion, predisposing genetic characteristics, marital status, or domestic violence victim status in admissions, employment, and treatment of students and employees or in any aspect of the business of the College.

State University of New York (SUNY) policy prohibits SUNY [CAMPUS] admission applications from inquiring into an applicant’s prior criminal history. After acceptance, the College shall inquire if the student previously has been convicted of a felony if such individual seeks campus housing or participation in clinical or field experiences, internships or study abroad programs. The information required to be disclosed under SUNY policy regarding such convictions shall be reviewed by a standing campus committee consistent with legal standards articulated in New York State Corrections Law.

Students who have been previously convicted of a felony are advised that their prior criminal history may impede their ability to complete the requirements of certain academic programs and/or to meet licensure requirements for certain professions. Students who have concerns about such matters are advised to contact the dean’s office of their intended academic program.
PROGRAMS AVAILABLE*
