MCC’s Career Services Office can assist with your recruitment efforts in a number of ways:

**Resume Referral Service**
Our office can promote your job openings, collect resumes of candidates who are interested, and forward them to you.

**Participate In Job Fairs**
Monroe Community College, individually and in conjunction with other public and private institutions, sponsors numerous job fairs throughout the academic year. Please refer to the Calendar of Events on our web site for a complete list of Job Fairs.

**Arrange On-Campus Interviews**
Employers may schedule individual interviews with students for full-time employment. The position will be advertised with a deadline date through flyers, e-mail and on our web site. We also provide a comfortable atmosphere to conduct your interviews.

**Advertise Your Employment Listings Online**
We make it easy for employers to list and manage job openings through Purple Briefcase, our online career management system. Using Purple Briefcase, which can be accessed by visiting www.monroecc.edu/go/employers, employers may submit listings for full-time, part-time and summer jobs, as well as co-op and internship opportunities. Students, alumni, faculty, administrators and staff can access the listings on-line by employer name, industry, job target, date or job status (i.e. full-time, part-time or summer job). Purple Briefcase allows for job seekers to receive notification when a new job listing is input that matches their background.

**To list your employment opportunities, please visit:**

### Set Up An Information Table
Employers are invited to set up an information table to recruit students for full-time, part-time and summer employment. This is a great opportunity to display and hand out organizational information, as well as network and screen qualified candidates. Employer Information Tables are set up and located in the R. Thomas Flynn Campus Center Atrium during peak hours.

### Hold an Information Session
We welcome employers to hold an information session to increase student awareness about their organizations, job openings, training, hiring process, etc. These sessions are a great opportunity to highlight your organization. You may request the use of a Smart Classroom, which includes access to the Internet and a digital projector for presentations. We can also assist in arranging catering services should you wish to serve refreshments at your session.

### Display Employer Literature
Organizations may forward brochures, annual reports, articles, DVDs, CDs or other related materials for student use in our Career Library.

### Gain Visibility Through the Career Service’s Web Site
MCC’s Career Service’s web page features links to Internet sites that contain job listings, resume databases, organizational information and links to companies’ web sites (www.monroecc.edu/go/career/).

---

### A Rochester Resource
Monroe Community College students represent a valuable resource for Rochester area employers. Our diverse student population brings a wealth of knowledge and skills to the job market, acquired through education and prior work experience.
