Corning Fairport is hiring multiple full-time, Optics Polishing Technicians

About
Corning Fairport, in Fairport, NY, is a global leader in providing cutting-edge material and optical solutions that serve a variety of commercial markets including semiconductor manufacturing, microfabrication, consumer electronics, and more.

Position
We seek a highly motivated, skilled & innovative individual with a passion for optics and a desire to learn. Individuals applying for this position must be team oriented and able to work collaboratively with others. They must have a drive for continuous improvement, and they must be flexible and willing to learn new things.

Duties and Responsibilities
Perform manufacturing tasks and activities, as trained, and in compliance with work instructions.

- Conventional polishing using pitch laps, working to 1/10 wave tolerances.
- Use of test plates, interferometers and optical inspection tools to ensure quality of workmanship.
- Ability to read drawings.
- Monitor processes; includes recording and charting data.
- Perform calculations, quality tests, measurements, and inspections.
- Clean and prepare material and parts.
- Interface with plant systems (e.g. document control system, manufacturing execution system, etc.).
- Complete production logistics by moving/transacting materials and information through the computer-based production system.
- Responsible for housekeeping and autonomous maintenance of work area and equipment.

Education/Experience/Attributes
- An AS degree (or equivalent experience) in optics or other technical field is preferred.
- Good written and oral communication skills.
- Exceptional fine motor skills and attention to detail. Hand/eye coordination & manual dexterity
- Strong PC skills and ability to operate electronic equipment.
- Superior technical and diagnostic skills.
- Able to work in a team environment.
- Actively engage in continuous improvement and cost reduction programs.
- Dedicated to the job. Willing to work off hours to ensure product is completed on schedule.

How to Apply
Please send your Resume, Cover Letter, and MCC M# to Joe Snowden at jsnowden4@monroecc.edu
