Kodak is hiring full-time Pilot Coating Technicians

About
Kodak, in Rochester, NY provides hardware, software, consumables and services to customers in graphic arts, commercial print, publishing, packaging, electronic displays, entertainment, commercial films, and consumer products markets.

Position
The Pilot Technician will be part of a team of technicians that operate multiple pilot coating facilities at Kodak’s Eastman Business Park location. These coating facilities provide both experimental and production coating services to a wide range of companies in technology areas that include batteries, photovoltaics, fuel cells, optical films, security films, electronic films, packaging films and many more.

Duties and Responsibilities
- Operate roll-to-roll machine web lines (unwind/convey/wind).
- Operate web slitters, rewinders, and calendars.
- Operate slot die and gravure coating equipment.
- Set up and operate delivery system equipment (pumps, filters, valves, etc.).

Desired Skills
- Strong mechanical aptitude.
- Basic computer aptitude (especially excel).
- Troubleshooting skills (cause/effect).
- Familiarity with basic quality tools (lean, six sigma, etc.).
- Familiarity with web conveying machines.

Education/Experience/Attributes
- High School degree with vocational training or Technical degree or equivalent combination of education and experience.
- Must be a team player, reliable, courteous and helpful to others with attention to detail.
- Experience with roll-to-roll machine web lines, web slitters, rewinders, calendars, slot die and gravure coating equipment preferred.
- Experience with set up and operation of delivery system equipment (pumps, filters, valves, etc.) a strong plus.

How to Apply
