- Maintain quality, yields, productivity, and efficiency.
- Meet deadlines and customer deliveries.
- Ability to follow instruction.
- Perform duties to established standards.
- Assist in developing processes.
- Document procedures.
- Escalate procedural issues as needed.
- Maintain a clean and organized work area.
- Perform all other tasks, written or verbal, as requested.
- Education / Experience / Attributes
  - High School diploma or two-year technical degree with optical related experience is preferred.
  - Must be a team player, reliable, personally accountable, open-minded, positive attitude, eager, courteous and helpful to others, highly motivated with attention to detail.

Desired Technical Abilities

- Strong mechanical background (can work on cars, motorcycles, small engines, etc.).
- Strong math skills.
- Familiarity with CAD/CAM software.
- Familiarity with Microsoft Office.
- Blueprint reading/GD&T.
- Understanding of Lean Manufacturing.
