Thermo Fisher Scientific is hiring a full-time, entry-level Mold Changer

About

Thermo Fisher Scientific is an American provisioner of scientific instrumentation, reagents and consumables, and software and services to healthcare, life science, and other laboratories in academia, government, and industry (including in the biotechnology and pharmaceutical sectors).

Position

Thermo Fisher Scientific is looking for an entry-level Mold Changer that is highly motivated, flexible, and a hardworking self-starter. This position requires excellent critical thinking, decision-making, and time management skills.

Duties and Responsibilities

• Using production schedule as a reference, prepares molds and components for production.
• Changes inserts and components while molds are in the press, if necessary.
• After production run is complete, retrieves, cleans, inspects, lubes molds and components, and then notifies Toolroom if any damage or wear is found during inspection.
• Makes minor repairs such as replacing broken water fittings, bolts, drilling and retapping holes, replacing O-rings, minor polishing, etc.
• Disassembles complex molds such as closures, cryoware, etc. Cleans, inspects, lubes, replaces O-rings bearings, gears, etc. and reassembles.
• Uses good judgment in handling very expensive and complex tooling.
• Cooperates with all levels of production and service groups.
• Must be licensed to drive both a stand-up aisle lift truck and electric and gas sit-down truck.
• Understands and follows all company safety rules and regulations.
• Works on any other special projects assigned by Tooling Engineering Manager or Lead Mold Changer.

Education/Experience/Attributes

• Must have High School Diploma or GED, working toward or an earned certificate or associate’s degree in Precision Machining and Tooling a plus.
• Must have good mechanical aptitude and some mechanical/technical work experience/background, 2+ years preferred.
• PIT License a plus.
• Interest in a career as a mold maker a plus.

How to Apply

Please send your Resume, Cover Letter, and MCC M# to Joe Snowden at jsnowden4@monroecc.edu
