About
Located in Victor, NY, CyFlare is the only purpose built Security Operations Center (SOC) to be the back office for Value Added Resellers, cyber security technology partners and cyber security technology manufacturers.

Position(s)
Seeking two part-time Security Analyst. These positions have the potential of turning into full-time opportunities with expected contacts in early Q1 2020.

Duties & Responsibilities
• Performs network security monitoring and incident response for numerous clients.
• Maintains records of security monitoring and incident response activities, utilizing case management and ticketing technologies.
• Monitors and analyzes Intrusion Detection Systems (IDS) and Security Information and Event Management (SIEM) to identify security issues for remediation.
• Creates, modifies, and updates Security Information Event Management (SIEM) rules.
• Recognizes potential, successful and unsuccessful intrusion attempts and compromises through reviews and analysis of relevant event detail and summary information.
• Evaluates/deconstructs malware (e.g. obfuscated code) through open-source and vendor provided tools.
• Communicates alerts to clients regarding intrusions and compromises to their network infrastructure, applications and operating systems.
• Prepares briefings and reports of analysis methodology and results.
• Creates and maintains standard operating procedures and other similar documentation.
• Consolidates and conducts comprehensive analysis of threat data obtained from classified, proprietary and open source resources to provide indication and warnings of impending attacks against unclassified and classified networks.
• Generates end-of-shift reports for documentation and knowledge transfer to subsequent analysts on duty.

Education/Experience
• Currently enrolled or recently graduated from a two year degree or certificate program in Information Technology or Cyber Security.
• A strong interest in the field of information security.
• Strong analytical and problem solving skills.
• Good written and verbal communication skills.
• Solid organizational skills and strong customer service skills.
• Ability to work in a highly collaborative and team centered environment.
