About
International Paper is one of the world’s leading producers of fiber-based packaging, pulp and paper. We create packaging products that protect and promote goods, enable worldwide commerce and keep consumers safe; pulp for diapers, tissue and other personal hygiene products that promote health and wellness; and papers that facilitate education and communication.

Position
We currently have an opening for a Maintenance Technician at our Rochester plant. This facility manufactures corrugated boxes for local and national accounts. The Maintenance Technician would be reporting to the Maintenance Supervisor and be responsible for following the company’s safety policies, including, but not limited to LOTO and machine guarding. The position requires the candidate to have a strong knowledge of lubrication, hydraulics, welding, pneumatic, electrical and electronic technologies. Corrugated experience is a plus. **$2,000 sign on bonus**

Duties & Responsibilities
• Utilize both excellent mechanical skills and knowledge (pneumatics, hydraulics, bearing, power transmission, lubrication).
• Must have a basic knowledge of PLCs, A/C, motors and drives, schematics in our continuous process manufacturing environment to achieve machine uptime metrics.
• Work positively with maintenance and operations teams to troubleshoot and solve problems.
• Engage in preventative maintenance processes in assigned areas.
• On-the-job success in safety, attendance and quality of work.
• Excellent teamwork, cooperation and problem solving skills.
• Willingness to fully cross-train in other technical areas to enhance capabilities.
• Willing and able to work flexible shifts and weekends are required.
• Able to work with computer system for maintenance processes and work orders.

Key Competencies
• Effective written and verbal communication skills.
• Ability to interface with employees and customers.
• Ability to adapt to change, solve problems and prioritize work.
• Ability to bend, squat, kneel, climb frequently, and stand for long periods of time,
• Ability to work with minimum supervision and work varied hours/days.
• Ability to lift average weighted materials, 50 lbs up to 70 lbs, occasionally.

Education/Experience
• A minimum of a High School Diploma or GED, Certificate on Mechatronics or Associates degree in Applied Integrated Technology preferred.
• 2 years of maintenance experience in an industrial environment, preferred
