About
Private Label Foods has grown to become one of the industry’s leading and most trusted providers of private label sauces, marinades, dressings, drink mixes and many others.

Position
We currently have an opening for a full-time Maintenance Mechanic at our Rochester operations. This position is responsible for conducting routine preventative and reactive maintenance on industrial food production machinery in a face paced manufacturing environment.

Duties & Responsibilities
• Perform reactive machine maintenance using knowledge of plumbing and electrical systems, gear boxes, pumps, motors, conveyors, etc.
• Perform scheduled preventative maintenance as instructed by the Plant Manager.
• Diagnose/troubleshoot equipment issues.
• Report any issues to Plant Manager.
• Keep an accurate inventory of parts on-hand.
• Communicate with Purchasing on need for parts and tools.
• Learn/train operators in set up and operation of equipment.

Desired Skills
• Knowledge of industrial maintenance and mechanics.
• Strong communication skills.
• Basic math and reasoning skills.
• Experience with controls for conveyor systems and power transmissions, pneumatic, hydraulic, pumps, valves, motors.
• Experience with 120/240/460 VAC, Single & 30 power, 120-24 VDC control circuits, strong electrical/mechanical troubleshooting skills required.
• Ability to read and interpret electrical schematics.
• PLC troubleshooting aptitude required.

Education/Experience
• High School Diploma or equivalent.
• Associates degree in Applied Integrated Technology or Mechatronics certificate, preferred.

Private Label Foods of Rochester, Inc. is an Equal Opportunity Employer
