Quality Aspirators is hiring a full time Optics Technician

About

Quality Aspirators, in Duncanville TX, is an industry leader in the manufacturing of dental surgical aspirators, fiber optic lights, endodontic aspirators, Dovgan MTA Carriers, suction valves, saliva ejectors, cleaning brushes, and Osseous Coagulum Traps (bone trap). We also specialize in technologically advanced fiber optic instruments, such as fiber optic mouth mirrors, endodontic trans-illuminators, Pritchard elevators, fiber optic aspirators, fiber optic Minnesota retractor, fiber optic root tip suction, etc.

Position

Quality Aspirators is looking for an entry-level optics technician that is highly motivated, flexible, and a hardworking self-starter. This position requires excellent critical thinking, troubleshooting, and decision-making, and time management skills.

Duties and Responsibilities

- Operate CNC generators, polishers and centering machines,
- Perform interferometer measurements, lens inspection, cementing Doublets, and cleaning machines.
- Adhere to all company policies.
- Follow all safety requirements for materials and equipment.
- Maintain quality, yields, productivity, and efficiency.
- Perform duties to established standards.
- Maintain a clean and organized work area.
- Perform all other tasks, written or verbal, as requested.

Education/Experience/Attributes

- Two-year technical degree in Optics. Related experience is a plus.
- Must be a team player, reliable, courteous and helpful to others with attention to detail.

Desired Technical Abilities

- Strong mechanical aptitude.
- Strong math skills.
- Familiarity with CAD/CAM software.
- Familiarity with Microsoft Office.
- Blueprint reading/GD&T.
- Understanding of Lean Manufacturing.

How to Apply

Please send your Resume, Cover Letter, and MCC M# to Joe Snowden at jsnowden4@monroecc.edu
