The MCC Surgical Technology A.A.S. for incoming high school seniors (SG01) is offered every fall semester. Approximately 2-3 high school students are admitted to SG01. All applicants meeting the admission requirements by the application deadline will be considered. MCC maintains a selective and competitive admissions process for this program; see the selection criteria below.

Applicants who are not selected for SG01, do not meet the admission requirements, or who apply after the deadline date will be admitted into another program at MCC (Health Studies-Clinical Track or Liberal Arts) and will have the opportunity to work with an academic advisor to select appropriate courses for possible admission into the program for a future semester. Please refer to the Surgical Technology admission information for “Current Students.”

Application Deadline and Notification

The application deadline is January 31, 2021 for Fall of 2021. Admission notifications will be mailed by March 15, 2021.

How to Apply

- Complete the MCC application by January 31, 2021
- All official transcripts must be submitted by the January 31st date to be considered. This includes high school transcripts, AP or IB score reports (if applicable), and college transcripts (if applicable; i.e. dual credit coursework taken at other institutions).

Admission Requirements

Prerequisite courses must be completed prior to the application deadline with a “C” or better. Science courses must include a lab. All classes must be at least a one credit course; half credit courses do not meet the required prerequisite.

Selection will be based upon the grades received on the Regents exam and final course grades for the courses listed below. Regents exams are weighted heavier than local exams, but local level exams will be accepted. Please note that students who were enrolled in one of the prerequisite courses during the 2019-2020 school year and were exempt from the Regents exam will have their final course grade used in the selection process.

Students will be ranked according to the combined average of math, biology, and chemistry grades.

- High School Algebra II/Trigonometry or Algebra II (Common Core) Regents exam of 75 or higher or a final course grade of 93 with a 3.0 GPA.
- High School Living Environment/ Biology
- High School Chemistry
- US citizen or have Permanent Resident Status by the application deadline
Additional Notes

- If admitted to the program, the student’s class schedule will be assigned by the Surgical Technology Program Director. Students must be available to take classes during the day and have reliable transportation to clinical sites.

- The Monroe Community College Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (www.arcstsa.org).
