#### POLICY STATEMENT

Monroe Community College believes that the illegal use of drugs and alcohol presents a serious health and safety hazard to the college community and interferes with educational and occupational success. The College fully complies with the Drug-Free School and Communities Act of 1989 to prohibit the illegal possession, consumption and distribution of drugs and alcohol on college property, during classes and at activities officially sponsored by the College. Students, faculty and staff may not consume alcoholic beverages on College property, during classes, or in connection with activities officially sponsored by the College except by permission of the College President.

Monroe Community College supports all federal, state and local ordinances pertaining to alcohol and drugs and will fully cooperate with law enforcement authorities to protect the students, staff and faculty of the College from the illegal possession, purchase, sale, and manufacture of controlled substances and alcohol. The College will refer offenders to the proper civil authorities. Regardless of whether the legal action is pursued by the College or outside agencies, disciplinary action will be taken by the College for violations of the law, College policy or College Conduct Regulations. All students, faculty and staff should be familiar with the Drug and Alcohol Prevention Policy and abide by it. #### BACKGROUND

##### Legal Sanctions Related to Alcohol Offenses

The State of New York sets 21 as the minimum age to purchase or possess any alcoholic beverage. Specific ordinances regarding violations of alcohol laws including driving while intoxicated are available from the Public Safety Department or the Office of the Vice President, Human Resources. Effective January 1, 1990, the package of new state laws was passed regarding alcohol. The new law included the following:

1. Persons under 21 found possessing alcohol may be given a maximum fine of \$50.

2. Anyone convicted of fraudulently using a driver's license to buy or to attempt to buy alcohol may have his driver's license suspended for up to 90 days.
3. Persons convicted of buying alcohol through fraudulent means face a possible \$100 fine and/or being required to do up to 30 hours of community service work.

A violation of any law regarding alcohol is also a violation of the Monroe Community College Conduct Regulations and will be treated as a separate disciplinary matter by the College.

Behavior that disrupts the educational environment, causes public inconvenience, annoyance or alarm, or recklessly creates a risk to people and/or property even though motivated by alcohol is a violation of law and college Conduct Regulations.

### **Legal Sanctions Related to Controlled Substance Offenses**

Criminal possession, sale or use of drugs is covered in articles 220 and 221 of the New York State Penal Law. The seriousness of the offense and penalty imposed upon conviction depend upon the individual drug and amount held or sold ranging from a maximum of 15 days and \$250 fine for a violation to a maximum of \$100,000 fine and life imprisonment for a Class A felony. It is important to be aware that under the Penal Law, a gift of drugs is treated as a sale.

Federal law also contains sanctions for the improper use, possession, sale or distribution of controlled substances. These sanctions can be found at the following link: [www.dea.gov/druginfo/ftp\\_chart1.pdf](http://www.dea.gov/druginfo/ftp_chart1.pdf).

A violation of any law regarding drugs is also a violation of the Monroe Community College Conduct Regulations and will be treated as a separate disciplinary matter by the College.

Detailed information regarding the penalties for illegal possession and distribution of drugs is available from the Public Safety Department.
