

Monroe Community College
STATE UNIVERSITY OF NEW YORK

Annual Campus Security & Fire Safety Report 2024

Collaboratively prepared by the Department of Public Safety, the Division of Student Services, the Office of Students Rights and Responsibilities, and the Title IX Director.

The format of this document is as per government requirements. In our continuing efforts to ensure that information is accessible to people of all abilities, we have provided more [accessible versions of the tables on our website \(www.monroecc.edu/depts/pstd/mcc-annual-security-and-fire-safety-report/\)](http://www.monroecc.edu/depts/pstd/mcc-annual-security-and-fire-safety-report/). Links to specific information have also been included under each table.

Annual Campus Security Report

The Monroe Community College (MCC) Annual Campus Security and Fire Safety Report is prepared to meet the compliance requirements of both the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and the Higher Education Opportunity Act. This report has been developed by the Department of Public Safety in cooperation with the local law enforcement and fire protection agencies that serve each MCC campus location, as well as several other college departments and officials. All offenses, including Clery Act crimes, should be reported to Public Safety for the purposes of making Timely Warnings and inclusion in annual statistical disclosure. As required by law, the crime and fire statistics included in this report cover the calendar year 2023. The full text of this report is available online at [Public Safety \(www.monroecc.edu/depts/pstd/\)](http://www.monroecc.edu/depts/pstd/).

Each year, all enrolled students as well as College faculty and staff receive an e-mail notification describing how to access this report electronically. Prospective students and employees may also view this report online or request a printed copy from the Department of Public Safety (585-292-2911).

Campus Geography

Federal law requires that campuses report specific criminal activities that occur on campus property and specific areas around those properties. However, crimes occur in the community beyond what is required for reporting in this document. Students are advised to exercise caution in **all** areas both on- and off-campus:

- **On Campus:** includes the main campus property and buildings.
- **Non-Campus:** includes property owned by student organizations officially recognized by the institution and those owned by the College outside campus boundaries. Monroe Community College does not officially recognize any off- campus housing.
- **Public Property:** includes thoroughfares, streets, side- walks, parking facilities, and public park or park-like settings immediately adjacent to and accessible from the campus.

Reporting a Crime or Requesting Assistance

MCC encourages every member of the campus community to report all offenses promptly to the Department of Public Safety. Bystanders should report an incident if the involved victim needs assistance in making such report or is unable to report it themselves. Any suspicious activity or person observed on college property or within college buildings should also be reported immediately. While at any MCC Campus, the Department of Public Safety may be contacted by dialing (585) 292-2911 or extension 2911 from any campus phone. Emergency call boxes and blue-light phones located throughout the Brighton Campus may also be used to contact Public Safety directly.

The College utilizes MCC Guardian as well. Powered by Rave Mobile Safety, MCC Guardian transforms student and employee smartphones into personal safety devices. The app can be easily downloaded through the appropriate app store onto any mobile device and will connect the user directly to Public Safety, as well as provide the ability to submit an anonymous tip, if suspicious activity is observed.

The Department of Public Safety's main office is located on the Brighton Campus in Building 21, Room 140. Public Safety personnel are also stationed at numerous locations around both the

Brighton and Downtown Campuses. Front desk personnel, found at the Downtown Campus and Applied Technologies Center, can also reach Public Safety if requested.

Upon receiving information concerning an incident, Public Safety personnel will investigate the matter, document the information and take appropriate steps, which may or may not result in an arrest. These actions may also involve working with other local, state and/or federal law enforcement agencies as necessary. Incidents resulting in an arrest are adjudicated in the jurisdiction in which the incident occurred. Incidents may also be handled internally through the college's conduct system.

Crimes may be reported on a confidential basis and may also be reported anonymously the [Silent Witness form on the web \(www.monroecc.edu/depts/pstd/silent-witness/\)](http://www.monroecc.edu/depts/pstd/silent-witness/) or by calling the tip line at (585) 292-3636.

Anonymous and confidential reports will be used by the Department of Public Safety for informational purposes and possible inclusion into the College's annual crime statistics report. When deemed appropriate, the information will be disseminated in a Timely Warning notice.

As defined in 42 U.S.C. 13925(a)(20), personally identifiable information about victims will not be included in publicly available record keeping, including the reporting and disclosure of crime statistics.

Department of Public Safety

The Department of Public Safety provides law enforcement and security related services for the college community 24/7/365. Public Safety staff conduct foot and vehicle patrols and enforce the laws of the State of New York, as well as College rules and regulations. MCC Campus Peace Officers have legal authority to investigate alleged criminal offenses and arrest anyone involved in illegal acts on campus. As sworn law enforcement officers they have the authority to unfound crimes when appropriate. A crime is said to be "unfounded" when after an investigation, the incident is found to be false or baseless. There were no crimes that were closed as "unfounded" by MCC Campus peace officers in 2021, 2022, or 2023.

This includes the investigation of underage drinking as well as the illegal sale, use or possession of alcoholic beverages, controlled substances or weapons. The College may also refer students who commit violations of the MCC Student Code of Conduct for disciplinary action.

As authorized and directed by the Board of Trustees and the College President, MCC Campus Peace Officers carry firearms and are required to successfully complete the Basic Course for Police Officers, which is the same course of instruction and certification required of all police officers in New York State.

Public Safety Assistants and Security Guards who complete the required training and certification necessary to obtain a New York State Security Guard license aid MCC Campus Peace Officers. Public Safety staff assigned to patrol functions also receive CPR/AED training.

The Department of Public Safety works collaboratively and maintains a Memorandum of Understanding with other law enforcement agencies, including the Rochester Police Department and the Brighton Police Department, pertaining to the investigation of serious incidents occurring on college property or in the immediate proximity to a campus location. MCC does not have any officially recognized student organizations with off-campus sites.

Crime Prevention Programs

The Department of Public Safety offers a variety of opportunities to discuss crime prevention techniques with members of the campus community. Seminars and workshops are scheduled throughout the academic year with sessions on topics including, but not limited to, the prevention of theft and vandalism as well as personal safety tips. Individuals and groups are encouraged to contact the Department of Public Safety at (585) 292-2911 to schedule a program, which can be customized as needed. These programs include:

- **Resident Advisor Security Training Program:** Public Safety staff provide specialized security training information for all new and returning Resident Directors and Resident Advisors. This gives them the knowledge and tools necessary to conduct their own basic crime prevention discussions with residential students. An initial training event is conducted each fall with additional events added throughout the semesters as requested.
- **Security Surveys:** Upon request, Public Safety staff will evaluate work areas or other campus locations and provide a report, which may include suggested physical improvements or methods for enhancing security.
- **Orientation Programs:** Public Safety staff present general information and safety tips to new members of the campus community, with more than a dozen presentations provided both fall and spring.
- **Public Safety Website:** As part of a complete crime prevention and community education effort, the Department of Public Safety maintains a comprehensive website. The [Public Safety website \(www.monroecc.edu/depts/pstd/\)](http://www.monroecc.edu/depts/pstd/) provides a variety of information about the Department and its services including valuable tips on crime prevention and safety as well as links to other resources at MCC and beyond.

Security Policies and Procedures

Both of the Brighton and Downtown Campuses strive to maintain an “open” campus environment. As an open campus, students, employees and visitors are permitted access to the College’s academic, recreational, and administrative facilities. The general public may also attend cultural and recreational events occurring on campus.

All Brighton campus buildings close each weeknight at midnight and reopen at 6:00 a.m. the following day. Weekend hours vary throughout the year.

The Downtown Campus closes each weeknight at 10:00 p.m. and reopens at 7:00 a.m. the following day. This Campus is also open from 7:30 a.m. to 5:00 p.m. on Saturdays but closed on Sundays.

Public Safety staff patrol each building as well as the campus grounds on a regular basis to monitor security-related needs. Closed circuit television cameras (CCTV) provide enhanced security by recording activity inside campus buildings and outside courtyards, sidewalks and parking lots.

Individuals wishing to gain access to an area they are authorized to be in, but is normally secure, must obtain prior written approval from the appropriate faculty/staff member. Written requests are forwarded to the Department of Public Safety for review. If approved, authorized individuals must present valid College identification before a Public Safety staff member is permitted to unlock the area. The authorized individual is responsible for securing the area when finished.

Brighton campus residence halls are locked 24 hours/day and are equipped with electronic card access systems. Residence Life and Public Safety staff also monitor access to each residential hall. Students must carry and produce their College issued identification when asked to do so by a College official. Depending on the time of day, anyone entering a Residence Hall must submit to a search of any bags being carried in. Residential students may not allow unauthorized individuals into residential facilities and are encouraged to report security related concerns to the Department of Public Safety or Residence Life staff.

The Applied Technologies Center and the Public Safety Training Facility maintain building hours based on the needs of the programs offered at each of these campus locations.

Security Awareness Programs

As an academic institution, MCC recognizes the key role education plays in generating security-conscious behavior. Periodically during the academic year, the Department of Public Safety, in collaboration with other MCC departments, presents crime prevention awareness programs such as conflict resolution, fire safety, and information on safe spring break activities. These programs are designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security as well as the security of others. Specific security awareness programs offered to the campus community include:

- **Personal Safety & Security:** A program which includes tips to help prevent theft, consumer fraud/scams, sexual assault as well as self-defense information.
- **MCC Guardian:** MCC Guardian allows MCC students and employees quick and easy contact with MCC's Department of Public Safety and has additional features for keeping users safe on campus. Using MCC Guardian, you can place a call, report a tip to the MCC Department of Public Safety, or set a Safety Timer session with friends who are part of your safety network.

Maintenance of Campus Facilities

The Department of Public Safety continuously monitors and inspects campus buildings and grounds and works with Facilities Services to identify and correct lighting problems, broken locks and doors, as well as other potential safety and security hazards.

Monroe Community College Identification Cards

Monroe Community College issues photo identification cards to all students, faculty, and staff of the College. Students and employees are required to carry their identification card at all times. ID cards are needed in order to use the College libraries, recreational facilities, and a variety of other services and events. Students must produce their current ID card any time they are asked to do so by any college official (Public Safety, staff, faculty, or administrator).

Campus Security Authorities

As required by the Clery Act, a number of College employees have been identified as Campus Security Authorities (CSA). A CSA is defined as any official having significant responsibility for student and campus activities including but not limited to student housing, discipline, or campus judicial proceedings and has the authority and duty to take action or respond to particular issues on behalf of the institution. These individuals will be identified by and receive training from the Department of Public Safety and the Title IX Coordinator.

Although members of the campus community are encouraged to report criminal activity directly to the Department of Public Safety, in some instances they may choose to disclose a crime to a CSA. If a CSA determines (in good faith) that a crime has been reported, they must then report the incident to the Department of Public Safety. This must be done in an expeditious manner as the incident may pose a serious or continuing threat to the MCC community. Crime statistics gathered from CSAs are included in the Public Safety Daily Crime Log as well as the Annual Campus Security and Fire Safety Report.

A CSA is not responsible for determining whether or not a crime took place, as that responsibility is the function of law enforcement personnel. In addition, Campus Security Authorities should not attempt to apprehend alleged perpetrators or try to convince a victim to contact law enforcement if the victim chooses not to.

Licensed professional and pastoral counselors are excluded from CSA requirements as long as they do not have a function that gives them CSA responsibilities, such as a student organization advisor. These counselors, if and when they deem it appropriate, should inform the person they are counseling of any procedures to report crimes including how to do so on a voluntary or confidential basis.

Any MCC official who learns of a sexual assault or any other crime must inform the victim that they can report the incident to the Department of Public Safety or other local law enforcement agency. MCC officials will assist victims in notifying other law enforcement authorities as requested.

Behavioral Intervention (CARE)

The Monroe Community College Behavioral Intervention Team (otherwise known as CARE) provides coordinated support for students in distress and addresses concerns about student behavior and personal issues, including mental health concerns. CARE gathers information from personal contact with students, faculty, staff and family members, as well as from reports submitted by members of the community.

The CARE Team is comprised of the following members:

- Associate Vice President, Student Development, co-chair
- Director, Student Rights and Responsibilities, co-chair
- Director, Housing and Residence Life
- Director, Public Safety
- Director, Counseling, Disability, and Health Services
- Director, Schools
- "As needed" members include:
 - Chief Diversity Officer
 - Title IX Coordinator
 - Director, Athletics
 - Assistant Director, Disability and Health Services
 - Student Success Coaches

CARE is committed to the following:

- Identifying students of concern who are in need of extra support
- Assessing the most appropriate way to intervene and support a student
- Addressing student behaviors that impact our community
- Intervening so a student may achieve academic and personal success
- Balancing the needs of an individual student with the needs of the community

Advisory Committee on Campus Security

In accordance with Section 6431 of the New York State Education Law, Monroe Community College maintains an Advisory Committee on Campus Security. This committee is charged with reviewing current campus security policies and procedures for:

- educating the college community about sexual assault, domestic violence, and stalking offenses;
- educating the college community about personal safety and crime prevention;
- reporting sexual assaults, domestic violence and stalking incidents and assisting victims during investigations;
- referring complaints to appropriate authorities;
- counseling victims; and
- responding to inquiries from concerned persons.

The Committee makes recommendations for the improvement of such policies and procedures and submits an annual report on its findings.

Daily Crime Log

The Department of Public Safety maintains a “Daily Crime Log” of offenses that occur on campus. The log is available for public viewing at all campus locations and can be found at:

- **Brighton Campus:** Public Safety Office, Building 21, Room 140
- **Downtown Campus:** Front Desk 1st floor
- **Applied Technologies Center:** Reception Office
- **Public Safety Training Facility:** Dean’s Office

Log entries are made within two business days of the event being reported to the Department of Public Safety. While most offenses are included on the log, the Chief of Public Safety may determine that an incident be classified as “confidential” in order to avoid jeopardizing a criminal investigation or the identity of a crime victim.

Alcohol & Illegal Drug Policies

Monroe Community College maintains that the abuse of alcohol or use of illicit drugs presents serious health and safety hazards to the college community and interferes with educational and occupational success. With that in mind, MCC has adopted policies prohibiting certain behaviors.

Students, faculty and staff are not permitted to consume alcoholic beverages on college property, or in connection with activities officially sponsored by the College, without prior approval of the College President.

The College also fully complies with the Drug Free School and Communities Act of 1989 by prohibiting the possession, consumption and distribution of illegal drugs on college property at all times.

Legal Sanctions Governing Alcohol

The New York State Alcohol & Beverage Control Law establishes age 21 as the minimum age to purchase or possess alcoholic beverage and furthermore states the following:

1. persons under age 21 found in possession of an alcoholic beverage may be fined;
2. anyone convicted of using a driver's license to fraudulently purchase or to attempt to purchase alcoholic beverages may have their driver's license suspended; and
3. persons convicted of buying alcoholic beverages through fraudulent means may also face a fine and/or sentence of community service.

A violation of any law involving alcoholic beverages is also a violation of the MCC Code of Conduct and will be treated as a separate disciplinary matter by the College. Behavior that disrupts the educational environment, causes public inconvenience, annoyance or alarm, or recklessly creates a risk to people and/or property even though motivated by the use of alcoholic beverages is also a violation of law and College Code of Conduct. Specific information regarding violations of alcohol related laws, including driving while intoxicated, are available from the Department of Public Safety.

Legal Sanctions Governing Illegal Drugs

The possession, sale or use of illicit drugs is covered under Articles 220 and 221 of the New York State Penal Law. The seriousness of the offense and penalty imposed upon conviction depend upon the individual drug and amount held or sold. Penalties can range from between a minimum of 15 days in jail and a \$250 fine up to a maximum of life imprisonment and a \$100,000 fine. It is important to note that the Penal Law defines a gift of drugs as a sale.

Monroe Community College prohibits the illegal possession, use, and sale of illegal drugs and will cooperate fully with other local, state, and federal law enforcement authorities to protect the students, staff and faculty of the College. Regardless of whether legal action is pursued in criminal courts, disciplinary action will be taken by the College for violations of law, college policies or the Code of Conduct Regulations. All students, faculty and staff should be familiar with the Drug Free Campus Policy and are required to abide by it. In addition, all college employees must comply with the Monroe Community College Drug Free Workplace Policy.

Education Programs, Counseling & Treatment

Monroe Community College offers educational programs that address the prevention of alcohol and drug abuse. The College also has experienced and highly qualified staff in both the Counseling Center and Health Services offices. Counselors can provide information, confidential referrals and assistance to those persons with problems stemming from the use or abuse of drugs or alcohol. Employees are encouraged to utilize the Employees' Assistance Program (EAP) when necessary. Information pertaining to the EAP is available in the Human Resources Office.

The New York State Division of Substance Abuse Services supports and monitors a statewide network of prevention and treatment programs. Persons concerned about substance abuse problems may also call 1-800-522-5353 toll free for information and assistance.

Weapons Policy

The possession or use of any dangerous or deadly weapon or instrument on any College-owned or controlled property or at any College-sponsored or supervised function, without express official authorization granted in writing by the Office of the President, is prohibited. For purposes of these guidelines, a “dangerous or deadly weapon or instrument” includes but is not limited to any: firearm, shotgun, rifle, pistol, air rifle, BB gun, folding pocket knife, dirk, dagger, locking blade knife, switch blade knife, brass knuckles, blackjack, billy club, nun-chuck sticks, sling shot, taser, stun gun, shocker, razor blade, acid, metal pipe, sharpened wood or metal trap, or any other weapon, instrument or object designed or modified to inflict physical harm on another person or animal. In the interest of protecting students, College personnel, or campus visitors, the College retains discretion to determine what constitutes a dangerous or deadly weapon or instrument, and this prohibition includes the possession of any replica or “fake” copy of a weapon, which can seem real to a reasonable person.

Bias/Hate Crime Prevention and the Law

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator’s bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, sexual orientation, disability, gender identity, or national origin. The Department of Public Safety is mandated to protect all members of the campus community through prevention efforts and enforcement of laws addressing bias or hate crimes that occur within its jurisdiction.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of weapons/violence, or previous convictions of the offender. Students who perpetrate bias/hate crimes are also subject to the College’s disciplinary procedures where sanctions including dismissal are possible.

In addition to enforcing hate/bias laws, the Department of Public Safety also addresses bias-related activities that do not rise to the level of criminal activity. These activities, referred to as bias incidents, are defined by the College as acts of bigotry, harassment, or intimidation directed at a member or group within the campus community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status.

Bias incidents may be adjudicated using the State University of New York's (SUNY) Discrimination Complaint Procedure or the MCC Code of Conduct. Bias incidents reported to the Department of Public Safety will be handled using the college’s grievance procedures outlined in the Catalog and Student Handbook.

Victims of bias crimes or incidents can avail themselves of counseling and support services from the College through the Counseling Center.

Violent Felony Offenses

In accordance with Section 6434 of the New York State Education Law, Monroe Community College has implemented a plan to thoroughly investigate all violent felony offenses that may occur. The

Department of Public Safety will secure the scene, take first responder actions, and report all violent felony incidents immediately to the Brighton or Rochester Police Departments. Public Safety will then work collaboratively with those agencies to ensure a thorough and prompt investigation is completed.

Missing Person Procedures for Residential Students

Students who reside on campus are required to provide missing person contact information in the event they are reported missing. This can be accomplished when students first arrive and check in with the Office of Housing and Residence Life. Individuals designated as a missing person contact may be someone other than who a student lists as their general emergency information contact.

Missing person contact information is maintained confidentially and only authorized campus officials are permitted access to this information during the course of a missing person investigation. In addition, the College will contact a parent or guardian if the student is under the age of 18 and not emancipated. If the student is emancipated, or over the age of 18, the College is only required to notify the person designated by the individual as their missing person contact.

If a residence hall student is believed to be missing from the Brighton Campus, and there is reasonable concern for his or her well-being and safety, the Department of Public Safety must be contacted immediately to initiate an investigation. If a missing student is not readily located by Public Safety personnel within a reasonable amount of time, the Brighton Police Department, the law enforcement agency of the community where the missing student maintains a home of record, and the person designated as the student's missing person contact will be notified no later than 24 hours after the student is determined to be missing.

Sex Offender Registration Information

The "Campus Sex Crimes Prevention Act" (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled or employed at institutions of higher education.

Monroe Community College provides information regarding registered sex offenders who may have a connection to the College on the Department of Public Safety website by providing a link to the New York State Division of Criminal Justice Services (DCJS) Sex Offender Registry.

Sex offender registration information may also be obtained by directly accessing the [DCJS website \(https://www.criminaljustice.ny.gov/nsor/\)](https://www.criminaljustice.ny.gov/nsor/)

You may also contact the DCJS Sex Offender Registry at (518) 457-6236 or 1-800-262-3257.

Timely Warnings

In the event that a situation arises (either on or off campus) that, in the judgment of the Chief of Public Safety (or designee), constitutes an ongoing or continuing threat to the college community, a campus wide *Timely Warning* notice will be issued to the campus community. Timely Warnings are distributed via the College's e-mail system and will be issued for specific offenses noted in the Clery Act including, but not limited to, major incidents of arson, murder/non-negligent manslaughter and robbery.

Timely Warnings for crimes such as aggravated assault or sex offenses are considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount of information known to the Department of Public Safety at the time. For example, if an assault occurs between two students and there is no ongoing threat to other campus community

members, a Timely Warning would not be distributed. If a sexual assault is reported long after the incident occurred, a Timely Warning would no longer be “timely” therefore an alert would not be issued.

Emergency Response & Evacuation Plans

The Department of Public Safety is responsible for coordinating the appropriate response to an emergency occurring on campus or the evacuation of the campus community should it become necessary. In most cases, the Department of Public Safety and other local law enforcement agencies and/or fire services are the first responders to incidents occurring on campus that involve a threat to the health or safety of the campus community. Public Safety officials receive training in managing crisis situations and the College has created an emergency response and evacuation plan. Further [information on Emergency Management \(www.monroecc.edu/depts/pstd/emergency-management/\)](http://www.monroecc.edu/depts/pstd/emergency-management/) may be found online.

The College tests emergency response and evacuation procedures on an annual basis to assess its state of readiness if an emergency were to occur. Tests may be announced or unannounced.

Emergencies, which do not require an immediate evacuation, may be managed utilizing other methods designed to help keep the campus community safe.

Shelter in Place

A “Shelter in Place” response may be used to safeguard against environmental or weather-related situations that necessitate the holding of occupants within college buildings. Examples may include chemical spills, severe power outages, explosions or extreme weather conditions. Based upon the severity of the incident, the Department of Public Safety will provide specific information that may or may not modify college activities.

Lockdown

A “Lockdown” response may be used when it becomes necessary for campus community members to immediately enter or remain inside a secure structure, room or area in an effort to protect themselves from possible danger. When the Department of Public Safety determines that a situation requires an immediate lockdown, the campus community will be notified using the College’s emergency alert systems. Additional information will be provided by the Department of Public Safety as it becomes available.

Emergency Notifications

MCC is committed to the safety and well-being of its students, employees and visitors. In the event of a significant emergency or dangerous situation involving the immediate threat to the health or safety of persons on campus, the College will notify the community of the situation. Emergency notifications will occur immediately unless it is determined that such announcements will compromise efforts to assist victims or contain the emergency.

The ***MCC Alert System***, which includes text, e-mail, and telephone alert options, are used by authorized college personnel to send emergency notifications including warnings, protective actions and post-incident follow-up information related to life safety issues. Follow-up messages are also distributed via *MCC Alert* or may be posted to the College’s website. An “All Clear” message and/or additional information pertaining to the end of an emergency situation are also acceptable uses of the [MCC Alert System \(www.monroecc.edu/depts/pstd/mcc-alert-system/\)](http://www.monroecc.edu/depts/pstd/mcc-alert-system/). Subscribing to *MCC Alert* is free and may be accomplished by going to the website and selecting ‘MCC Alert’.

Emergency notifications are permitted for events in the categories identified below or other “life threatening” situations:

- **Civil Disturbance:** large group disrupting normal campus activities;
- **Fire:** large-scale fire that endangers the campus community;
- **Hazardous Materials:** dangerous chemical, biological or nuclear material spreading from a contained area;
- **Major Road Closing:** unanticipated event that would disrupt safe passage to and from campus;
- **Medical Emergency:** pandemic or other health related event with potential casualties;
- **Personal Safety:** situations that pose an active threat including the use of weapons or violence, hostage situation or missing person;
- **Suspicious Package:** reasonable belief that a package may contain a chemical, biological or nuclear substance that would cause harm to persons or property;
- **Utility Failure:** a major disruption or damage to utilities including gas, electric or water.
- **Severe Weather Conditions:** such as flooding, blizzard, or tornado.

College encourages the reporting of sexual misconduct that is prompt and accurate. MCC is committed to protecting the confidentiality of victims/survivors, and will work closely with students who wish to obtain private/confidential assistance regarding an incident of sexual misconduct. Certain professionals at the College are permitted by law to offer confidentiality, and those who do not maintain that privilege are expected to keep reports private to the extent permitted under the law and College policy. All allegations will be investigated promptly and thoroughly, and both the Reporting Individual and the Accused Student will be afforded equitable rights during the investigative process.

The College engages in ongoing educational programs and campaigns and all incoming students (and employees) are required to participate in these programs. Definitions

Affirmative Consent: Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be

caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- When consent is withdrawn or can no longer be given, sexual activity must stop.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. It does not include acts covered under the definition of domestic violence.

Domestic Violence: A felony or misdemeanor crime of violence committed:

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Retaliation: Adverse action against another person for reporting a violation or for participating in any way in the investigation or conduct process. Retaliation includes harassment and intimidation, including but not limited to violence, threats of violence, property destruction, adverse educational or employment consequences, and bullying.

Sexual Assault: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Specifically:

- **Sexual Assault I:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her temporary or permanent mental incapacity.
- **Sexual Assault II:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/ her age or because of his/her temporary or permanent mental incapacity.
- **Sexual Exploitation:** Non-consensual, abusive sexual behavior that does not otherwise constitute Sexual Assault I, Sexual Assault II, or Sexual Harassment. Examples include but are not limited to: intentional, nonconsensual tampering with or removal of condoms or other methods of birth control and STI prevention prior to or during sexual contact in a manner that significantly increases the likelihood of STI contraction and/or pregnancy by the non-consenting party; nonconsensual video or audio taping of sexual activity; allowing others to

watch consensual or nonconsensual sexual activity without the consent of a sexual partner; observing others engaged in dressing/undressing or in sexual acts without their knowledge or consent; trafficking people to be sold for sex; and inducing incapacitation with the intent to sexually assault another person.

Sexual Harassment: Unwelcome, gender-based verbal, non-verbal, or physical conduct that may or may not be sexual in nature. It is and sufficiently persistent, or pervasive in that it unreasonably interferes with, denies, or limits someone's ability to participate in or benefit from the College's educational program and/or activities. It is, and is based on power differentials ("quid pro quo" harassment), or the creation of a hostile environment, or retaliation.

"Quid pro quo" Sexual Harassment: Occurs when a person in a position of authority uses that position to engage in unwelcome sexual advances, requests for favors, or other verbal or physical conduct of a sexual nature when: a) submission to such conduct is explicitly made a term or condition of a student's employment or education; or b) submission to or rejection of such conduct is used as a basis for decisions affecting a student's education or employment.

Hostile Environment: Creation of a hostile environment involving sexual harassment requires an assessment based on the totality of circumstances to determine whether the conduct is sufficiently serious to deny or limit a student's ability to participate in or benefit from the College's program and/or activities based on sex. The factors considered include:

- The degree to which the conduct affected one or more students' education
- Type, frequency, and duration of conduct
- Identity of and relationship between alleged harasser and the subject(s) of harassment
- Number of individuals involved
- Age and sex of alleged harasser and subject(s) of harassment
- Size of the College, location of incidents, and context in which they occurred
- Other incidents at the College
- Incidents of gender-based but nonsexual harassment

Incapacitation: Physical and/or mental inability to make informed, rational judgments and decisions. Where alcohol or other substances are involved, incapacitation is determined by how the substance impacts a person's decision-making capacity, awareness of consequences, and ability to make informed judgments.

In evaluating whether a person was incapacitated for purposes of evaluating affirmative consent, the College considers two questions: (1) Did the person initiating sexual activity know that the other individual was incapacitated? And if not, (2) should a sober, reasonable person in the same situation have known that the other individual was incapacitated? If the answer to either of these questions is "yes," affirmative consent was absent.

Incapacitation is a state beyond drunkenness or intoxication. A person is not incapacitated merely because they have been drinking or using drugs. The standard for incapacitation does not turn on technical or medical definitions, but instead focuses on whether a person has the physical and/or mental ability to make informed, rational judgments and decisions. A person who initiates sexual activity must look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. Although every individual may manifest signs of incapacitation differently, typical signs may include: slurred or incomprehensible speech, unsteady gait, combativeness, emotional volatility, vomiting, and/or incontinence. Additionally, a person who is incapacitated may not be able to understand some or all of the following questions: "Do you know

where you are?”, “Do you know how you got here?”, “Do you know what is happening?”, “Do you know whom you are with?”

Stalking: Intentionally engaging in a course of conduct, directed at a specific person, which is likely to cause a reasonable person to fear for his or her safety or the safety of others or causes that person to suffer substantial emotional damage. Examples include, but are not limited to, repeatedly following such person(s), repeatedly committing acts that alarm, cause fear, or seriously annoy such other person(s) and that serve no legitimate purpose, and repeatedly communicating by any means, including electronic means, with such person(s) in a manner likely to intimidate, annoy, or alarm him or her.

- A course of conduct is two or more acts, including but not limited to acts in which the stalker directly, indirectly or through third parties by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person or interferes with a persons' property.
- Substantial emotional distress is significant mental suffering or anguish that may, but does not necessarily require, medical or other professional treatment or counseling.
- A reasonable person is one under similar circumstances with similar identities to the victim.

Disciplinary proceedings will be conducted in accordance with applicable collective bargaining agreements. When the accused person is an employee of an affiliated entity or vendor of the college, college officials will, at the request of the Reporting Individual, assist in reporting to the appropriate office of the vendor or affiliated entity and, if

the response of the vendor or affiliated entity is not sufficient, assist in obtaining a persona non grata letter, subject to legal requirements and college policy. To report to Human Resources, contact: Tammy Kieper, Executive Director of Human Resources, (585) 292- 2114.

Within 96 hours of an assault, a person can receive a Sexual Assault Forensic Examination at a hospital. To best preserve evidence, victims/survivors should avoid showering, washing, changing clothes, combing hair, drinking, eating, or doing anything to alter physical appearance until after a physical exam has been completed. Completing a sexual assault forensic examination would not require someone to file a police report. Having a forensic examination will help preserve evidence in case the individual decides at a later date to file a police report.

Privacy Versus Confidentiality

Even Monroe Community College offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues. Monroe Community College will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Summary of Available Protection and Accommodations

1. When the accused person is a student, the College may issue a “No Contact Order,” meaning that continuing to contact the protected individual is a violation of College policy subject to additional conduct charges.
2. Public Safety or other college officials are available to provide assistance in initiating legal proceedings in family court or civil court, including but not limited to obtaining an Order of Protection.
3. When the accused person is a student and presents a continuing threat to the health and safety of the community, the College may place the Accused Student on interim suspension pending the outcome of a conduct process.
4. When the accused person is not a student but is a member of the college community and presents a continuing threat to the health and safety of the community, the College may impose interim measures in accordance with applicable collective bargaining agreements, employee handbooks, and Monroe Community College policies and rules.
5. When the accused person is not a member of the College community, Public Safety is available to assist in obtaining a persona non grata letter, subject to legal requirements and college policy.
6. The College provides reasonable and available interim measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangements in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment.

The College will maintain as confidential any accommodations or protective measures provided, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Standard of Proof in Sexual Misconduct Cases

In all college disciplinary proceedings, including sexual misconduct proceedings, the “preponderance of the evidence” standard of proof will be used. If the evidence presented meets this standard – in

other words, if it is “more likely than not” that the sexual misconduct occurred - then the Respondent must be found responsible.

Student Conduct Process for Sexual Misconduct Cases

A Reporting Individual may request that student conduct charges be filed against the Accused Student. Conduct proceedings are governed by the procedures set forth in the MCC Student Handbook as well as federal and New York State law, including the due process provisions of the United States and New York State Constitutions

Throughout conduct proceedings, the Respondent and the Reporting Individual will have:

1. The same opportunity to be accompanied by an advisor of their choice who may assist and advise the parties throughout the conduct process and any related hearings or meetings. Participation of the advisor in any proceeding is governed by federal law and the Student Code of Conduct.
2. The right to a prompt response to any complaint and to have their complaint investigated and adjudicated in an impartial, timely, and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the Respondent, including the right to a presumption that the Respondent is “not responsible” until a finding of responsibility is made, and other issues related to sexual assault, domestic violence, dating violence, and stalking.
3. The right to an investigation and process conducted in a manner that recognizes the legal and policy requirements of due process (including fairness, impartiality, and a meaningful opportunity to be heard) and is not conducted by individuals with a conflict of interest.
4. The right to receive advance written or electronic notice of the date, time, and location of any meeting or hearing they are required to or are eligible to attend. The Accused Student will also be told the factual allegations concerning the violation, a reference to the specific code of conduct provisions alleged to have been violated, and possible sanctions.
5. The right to have a conduct process run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
6. The right to offer evidence during an investigation and to review available relevant evidence in the case file (or otherwise held by Monroe Community College).
7. The right to present evidence and testimony at a hearing, where appropriate.
8. The right to a range of options for providing testimony via alternative arrangements, including telephone/ videoconferencing or testifying with a room partition.
9. The right to exclude prior sexual history with persons other than the other party in the conduct process or their own mental health diagnosis or treatment from admittance in college disciplinary stage that determines responsibility. Past findings of domestic violence, dating violence, stalking, or sexual assault may be admissible in the disciplinary stage that determines sanction.
10. The right to ask questions of the decision maker and via the decision maker indirectly request responses from other parties and any other witnesses present.
11. The right to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.

12. The right to simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding, including the decision, any sanction, and the rationale for the decision and any sanctions.
13. The right to written or electronic notice about the sanction(s) that may be imposed on the Accused Student based upon the outcome of the conduct proceeding. For students found responsible for Sexual Assault I, the available sanctions are suspension with additional requirements before re-enrollment or expulsion/dismissal.
14. Access to at least one level of appeal of a determination before a panel, which may include one or more students, that is fair and impartial and does not include individuals with a conflict of interest.
15. The right to have access to a full and fair record of a student conduct hearing, which shall be preserved and maintained for at least five years. The following office can serve as a point to assist with obtaining a record of a student conduct hearing: Amy Greer, Director of Student Rights & Responsibilities, (585) 292-2023.
16. The right to choose whether to disclose or discuss the outcome of a conduct hearing. The right to have all information obtained during the course of the conduct or judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

The College will conduct a timely review of all complaints of domestic violence, dating violence, sexual assault, sexual harassment, and/or stalking. Absent extenuating circumstances, review and resolution is expected to take place. The College strives to review and resolve complaints within sixty (60) calendar days from receipt of the complaint.

The preliminary review of these complaints, including initial interviews and implementation of interim measures, will usually be completed within 5-10 days of receipt of complaint.

The subsequent, comprehensive review and investigation of these complaints, including additional interviews with parties and witnesses/persons with knowledge or information and the gathering of evidence, will usually be completed within 10 to 40 days of receipt of complaint. Results of the complaint, via either a formal hearing or waiver of hearing, are typically issued within 40-60 days of receipt of the complaint.

The 60-calendar day timeframe to review and resolve complaints may be extended for good cause, as determined by the Vice President for Student Services. "Good cause" includes but is not limited to: delays caused by school breaks and/or holidays, delays caused by the availability of parties and witnesses/persons with information or knowledge, delays caused by the availability of faculty and/or staff involved in the investigation or adjudication processes, delays related to a concurrent criminal investigation, etc. Both the Respondent and the Complainant will be notified in writing of the delay, the reason(s) for the delay, and provided the date of the new deadline or event. Extensions requested by one party will not be longer than five (5) business/school days.

Disciplinary Sanctions Applicable to Students

Any student who engages in any prohibited act or conduct may be subject to one or more of the following sanctions. The degree of violation and matters of extenuating circumstances shall be considered, along with all relevant circumstances, in determining the appropriate sanction. Please note: For students found responsible for Sexual Assault I, the available sanctions are suspension with additional requirements before re-enrollment or expulsion/dismissal. Students found responsible for

Domestic Violence, Dating Violence, or Stalking may be subject to one or more of the following sanctions. A sanction need not be imposed in every case, and no sanction shall be imposed that is more serious than is clearly appropriate for the circumstances. Findings and sanctions will become a part of a student's conduct file and will be part of the student's educational record. The sanctions that may be imposed by a conduct officer or hearing board are as follows:

1. **Verbal Reprimand:** This action is a formal admonition on behalf of the College community and is intended to clearly document, in a student's disciplinary file, that his/her behavior has been deemed unacceptable. Reprimands typically do not include additional sanctions, but may.
2. **Written Warning:** This action is a written statement on behalf of the College community and is intended to clearly document, in a student's disciplinary file, that his/her behavior has been deemed unacceptable and that repetition or additional wrongful conduct would be followed by more severe disciplinary action. A written warning may include additional sanctions.
3. **Disciplinary Probation:** This action constitutes a change in status between good standing and suspension or expulsion from the College. For a specified time period or indefinitely, the student must demonstrate behavior that aligns with the mission, values, and policies of the College. The student is permitted to remain enrolled at the College under certain stated conditions.
4. **Fines:** This action may be imposed when necessary.
5. **Restitution:** This action typically results from disciplinary violations involving theft and/or damage to College property.
6. **Discretionary Sanctions:** This action typically occurs in conjunction with a written warning or disciplinary probation. Sanctions include but are not limited to: essays, privilege revocation, referral to counseling or another service area, work assignments, apology letters, service to the College, or other related discretionary assignments may be imposed.
7. **Deferred Removal from the Residence Halls:** An official action informing the student that the violation of any College regulation or residence hall policy during the deferred removal period will result in residence hall suspension or residence hall removal. For a specified time period or indefinitely, residence hall privileges may be revoked, such as having guests/visitors or borrowing hall equipment.
8. **Residence Hall Removal:** Eviction/removal from the residence halls and the termination of the student's housing license. Students removed from the residence halls may not return to the halls or surrounding grounds as a guest and may be arrested for trespassing.
9. **Residence Hall Suspension:** Eviction/removal from the residence halls for a period of time up to two years and the termination of the student's housing license. Students suspended from the residence halls may not return to the halls or surrounding grounds as a guest and may be arrested for trespassing.
10. **Residence Hall Relocation:** An official action moving a student from one room to another within the residence halls. Students relocated to another room may be restricted from entering a specified room, suite, floor or building.
11. **Residence Hall Interim Removal:** A temporary action removing a student from the residence halls in order to protect the safety of other students in the community. A residence hall interim removal is used in situations where threats are made, acts of physical violence are committed, and/or there is any indication of a safety risk. Typically,

interim removals occur after business hours and last until the next business day, but can last through an investigation and conduct process period.

12. **Suspension:** This action results in the involuntary withdrawal of the student from the College for a period of time up to two years or until specific conditions have been met. Please note that the college has a Transcript Notation Policy, which may apply for violent or Clery reportable violations that result in suspension. To review this policy, please refer to the Regulations and Policies section of the current college catalog.
13. **Summary Suspension:** This action results in the immediate removal of a student from the College, including the residence halls, until a conduct hearing can take place. If a student is summarily suspended, immediate written notice of charges is provided and a Judicial Board hearing is scheduled within five (5) business days. During this time, a student may not be permitted to be on campus for any reason without notifying Public Safety.
14. **Expulsion:** This action results in termination of student status at the College for an indefinite period of time. Please note that the college has a Transcript Notation Policy, which may apply for violent or Clery reportable violations that result in expulsion. To review this policy, please refer to the Regulations and Policies section of the current college catalog.
15. **Loss of Privileges for Clubs or Organizations:** In addition to the above sanctions, clubs or organizations may suffer loss of all or selected rights and privileges for a period of time or indefinitely.
16. **Interim Sanctions:** This action results in directives that are in place through the judicial process. A student may be placed on a disciplinary probation status, temporarily relocated or removed from the residence halls, unable to attend one class, referred to counseling, provided an order of no contact, etc., while an investigation and Judicial Board hearing are taking place.

Student Appeals Process

The Complainant or the Responding Student may appeal any finding and/or sanction based upon the criteria specified in the Code of Conduct. All appeals are written to the Vice President for Student Services and must be submitted within 72 hours of effective notice of a decision. For just cause, the Vice President for Student Services may waive the 72-hour requirement. Please note that the appeal of any sexual misconduct case will be reviewed by a panel. The Vice President for Student Services and/or his designee(s) will review the appeal. For additional information about the Appeals Process, visit the [Student Code of Conduct \(www.monroecc.edu/go/conduct\)](http://www.monroecc.edu/go/conduct).

A bystander acting in good faith or a Reporting Individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Monroe Community College officials or law enforcement will not be subject to Monroe Community College's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Employee Conduct Process for Sexual Misconduct Cases, Applicable Sanctions, and Appeals Process

Annual Campus Fire Safety Report

At Monroe Community College, the safety of our students, employees and visitors is our top priority. The Environmental Health & Safety Department is charged with implementing policies and programs to ensure the health and safety of our community, while being compliant with federal, state and local regulations and requirements.

Each year, Environmental Health & Safety staff provide fire safety training for all Resident Assistants and Resident Directors.

This training includes: Residence Hall Rules and Regulations, Building Fire Alarm Systems, Evacuation Procedures, Inspection Techniques, Fires and Fire Spread, and Hands-On Fire Extinguisher Training in coordination with the Rochester Fire Department.

A log recording all fires at the MCC Residence Halls is available for review at the Public Safety Department located at Building 21 of the Brighton Campus.

Fire Safety Inspections

Along with varied internal inspections by Environmental Health & Safety staff, the New York State Office of Fire Prevention and Control inspects Monroe Community College on an annual basis. This agency has the authority to inspect public and private colleges and universities to insure campuses are in compliance with the New York State Fire Safety Code.

Automatic Sprinkler System

MCC residence halls are equipped with an automatic sprinkler system with sprinkler heads located in each room and hallway. The system is activated by excessive heat at the sprinkler head and is monitored by the College's automated fire alarm system. Sprinkler heads must not be blocked or tampered with in any manner. Nothing should be attached to the head as it may cause an accidental discharge or prevent proper operation. All sprinkler systems are inspected quarterly and maintained by EH&S.

Procedures Students and Employees Should Follow in Case of a Fire

If you discover or strongly suspect a fire, immediately:

1. Shout "Fire!" to alert those in the immediate vicinity. Assist any person in immediate danger, if it can be accomplished without risk to yourself.
2. Evacuate the building immediately via the closest exit, activating the fire alarm on your way out of the building. (This will automatically notify the fire department and shut down the air handling units to prevent the spread of smoke throughout the building.) If you are the last person out of a room, close the door behind you as you leave. Do not use the elevators.
 - If the closest exit is blocked, go to the next closest exit. If all exits are blocked or if there is life threatening smoke or fire in the corridor, go back to your room. Close the room door and call Public Safety (585-292-2911) to report your location. If you are not able to communicate via phone, position yourself in front a window and signal for help. If smoke is entering the room, seal the bottom of your room door and air vents with a rug, blanket or towel. Crawl and keep low to avoid deadly smoke, heat and fumes.
 - Individuals unable to leave the building due to a mobility impairment should proceed to a designated area of assistance, generally located near or at a stair tower. "Area of Refuge", "Emergency Assembly Area" or "Area of Rescue Assistance" signs mark these

areas. If imminent danger from a fire/smoke occurs while waiting for Public Safety assistance, move inside the nearest stair tower. MCC Public Safety staff checks these areas during all emergency evacuations and when needed, provides assistance in relocating individuals. If possible, call Public Safety (585-292-2911), with the exact location of a person needing assistance.

3. Once outside, move away from buildings and courtyards and assemble in the following designated areas:
 - a. Brighton Campus Assembly Location
 - Assemble near a blue light phone (or flagpole in the front of the campus).
 - Do not assemble within 100 feet of the buildings, in either courtyard, or on the plaza deck.
 - b. Downtown Campus Assembly Locations
 - Once outside, stay on the sidewalk, proceed to the front of the building and cross Morrie Silver Way. Public Safety personnel will be present, stopping road traffic, to allow for safe crossing.
 - Assemble in Parking Lot AA.
 - c. Applied Technology Center Assembly Location
 - Congregate in the back parking lot, at the point most distant from the entrance the emergency responders will be using. Do not congregate in the Fire Lane.
 - d. Resident Halls Assembly Locations
 - Alexander Residents will meet in parking Lot D (Child Day Care parking lot)
 - Pioneer Residents will meet in the east end of parking lot R
 - Tribune Residents will meet in east end of parking Lot R
 - Canal Residents
 - The northern section Canal will meet in the northwest corner of parking lot S and northeast corner of parking lot T.
 - The southern section of Canal will meet in the area between the Canal Hall Service Road and the bridge that crosses the pond. Do not block the service road.
4. Once you are in a designated area, call Public Safety (585-292-2911) IF you have important information regarding the location of the fire, the cause of the alarm, or to report any missing, trapped people or disabled individuals waiting in an Area of Assistance.
5. Do not assume it is safe to re-enter the building because the alarm has been silenced. Wait for an announcement via the public address system, or by an official of the Fire Department or MCC Public Safety stating it is safe to re-enter the building.

If you hear a fire alarm sounding or are instructed to evacuate, follow steps 2 through 5.

Fire Evacuation in the Residence Halls

When the fire alarm sounds, all occupants must evacuate quickly and safely via the nearest exit. The Public Safety Dispatch Center, which monitors the fire alarm system 24/7, will immediately notify the

fire department. There is no need to call 911. Residents who do not evacuate during a fire alarm will be referred for student conduct sanctioning and assessed a fine.

No training is provided to students in firefighting or suppression activity as this is inherently dangerous. A student's only duty is to exit safely and quickly, activating the fire alarm and shutting doors along their path (to contain the spread of flames and smoke) as they exit the building. At no time should the closing of doors or activation of the alarm delay the exit from the building.

Report All Fires

Anyone who finds evidence of a fire that has been extinguished, and is unsure whether Public Safety has already responded, should immediately notify Public Safety to investigate and document the incident.
