

**Monroe Community College**  
STATE UNIVERSITY OF NEW YORK

# Information about the Graduation and Transfer Out Rate Report

---

The graduation rates report provides information about two groups of students at the college identified at the top of the form:

- (1) all undergraduate students who were enrolled in a full-time program of study for a degree or a certificate,
- (2) student-athletes who received athletics aid from the college for any period of time during their entering year. [Note: Athletics aid is a grant, scholarship, tuition waiver or other assistance from a college that is awarded on the basis of a student's athletics ability.]

The report gives graduation information about students and student-athletes entering in fall 2019. This is the most recent graduating class for which the required three years of information is available. The report provides information about student-athletes who received athletics aid in one or more of eight sports categories: football, men's basketball, baseball, men's track/cross country, men's other sports and mixed sports, women's basketball, women's track/cross country, and other women's sports. For each of those sports categories, it includes information in nine self-reported racial or ethnic groups: American Indian or Alaska Native, Asian, Black or African-American, Hispanic or Latino, Native Hawaiian or Pacific Islander, Non-Resident Alien, Two or More Races, White or Non-Hispanic and Unknown (not included in one of the other eight groups or not available) and the total (all nine groups combined).

A graduation rate (percent) and transfer out without graduation rate (percent) are based on a comparison of the number (N) of students who entered a college and the number of those who graduated within three years with an associate degree or within a year and a half with a certificate.

For example, if 100 students entered and 50 graduated within three years, the graduation rate is 50 percent; if 20 students did not graduate within three years but transferred to another college within three years, the transfer out rate is 20 percent. It is important to note that graduation rates are affected by a number of factors: some students may work part time and need more than three years to graduate, some may leave school for a year or two to work or travel, some may transfer to another college or some may be dismissed for academic deficiencies.

The number of students who entered a college may be reduced by allowable exclusions from the entering cohort (those who either die or become permanently disabled, those who leave the school to join the armed forces, foreign services or attend a church mission).

## Graduation Rates Report

### 1. Graduation Rates Data

The box at the top of the graduation and transfer out rates report provides freshman-cohort graduation rates for all students and for student-athletes who received athletics aid at the college. [Note: Pursuant to the Student-Right-to-Know Act, anytime a cell containing cohort numbers includes only five or fewer students, the data in that cell will be suppressed so that no individual can be identified.]

a. **All Students**

This section provides the freshman-cohort graduation rates for all full-time, degree or certificate-seeking students by race or ethnic group. It shows the rate for men who entered as freshmen in fall 2019 and the four-class average, which includes those who entered as freshmen fall 2016, 2017, 2018, and 2019. The same rates are provided for women. The total for 2019 is the rate for men and women combined, and the four-class average is for all students who entered in fall 2016, 2017, 2018, and 2019.

b. **Student-Athletes**

This section provides the freshman-cohort graduation rates in each race and ethnic group who received athletics aid. Information is provided for men and women separately and for all student-athletes.

c. **Student-Athletes by Sports Categories**

This section provides the freshman-cohort graduation rates for each sport category students received aid for.

## **Transfer Out Rates Report**

2. **Transfer Out Rates Data**

The box at the top of the graduation and transfer out rates report provides freshman-cohort transfer without graduation rates for all students and for student-athletes who received athletics aid at the college. [Note: Pursuant to the Student-Right-to-Know Act, anytime a cell containing cohort numbers includes only five or fewer students, the data in that cell will be suppressed so that no individual can be identified.]

a. **All Students**

This section provides the freshman-cohort transfer without graduation rates for all full-time, degree or certificate-seeking students by race or ethnic group. It shows the rate for men who entered as freshmen in fall 2019, and the four-class average, which includes those who entered as freshmen fall 2016, 2017, 2018, and 2019. The same rates are provided for women. The total for 2019 is the rate for men and women combined, and the four-class average is for all students who entered in fall 2016, 2017, 2018, and 2019.

b. **Student-Athletes**

This section provides the freshman-cohort transfer without graduation rates in each race and ethnic group who received athletics aid. Information is provided for men and women separately and for all student-athletes.

c. **Student-Athletes by Sports Categories**

This section provides the freshman-cohort graduation rates for each sport category students received aid for.

3. **Undergraduate Enrollment Data**

a. **All Students**

This section indicates the number of all students enrolled fall 2022 and the number of men and women in each racial or ethnic group.

b. **Student-Athletes**

This section identifies how many students who received athletic aid were enrolled in fall 2022 and the number of men and women in each racial or ethnic group.

c. **Student-Athletes by Sports Categories**

This section provides the enrollment data for student-athletes who received athletic aid for each of the eight sports categories.

## Graduation and Transfer out Rates

<b>Freshman-Cohort Graduation and Transfer Out Rates</b>	<b>All Students</b>	<b>Student-Athletes</b>
2019 Graduation Rate	21%	36%
Four-Class Average Graduation Rate	23%	37%
2019 Transfer without Graduation Rate	14%	9%
Four-Class Average Transfer without Graduation Rate	16%	33%

### *Graduation Rates Data*

- Only student-athletes who received aid were included in the report
- Football and Cross-Country were not offered and not included in the report
- For the student privacy protection, performance data are not disclosed when five or fewer students are in the category

#### **Key:**
