

Health & Wellness Mobile Messaging: Terms of Service

Monroe Community College operates a campaign that sends enrolled students communications directly from MCC's Health & Wellness department. Please read through each of the following sections as it relates to mobile messaging.

Direct communications

By providing a mobile number to the college students are automatically opted in to the Mobile Messaging feature through MCC's Health & Wellness department to ensure important messages (e.g., compliance related) are communicated in a timely manner.

Opt-Out Procedure

Message frequency will vary. To stop receiving text messages, students are required to "disable" the text messaging feature located within their [MyWellness Portal](#) under the "Profile" section.

Support

For more information, please contact 585-292-2140.

Message and Data Rates

Message and data rates may apply.

Privacy Policy

Monroe Community College is committed to protecting the privacy of our students. Students mobile number and data will not be sold or shared with third parties for marketing purposes. For more information, please review the [Privacy Policy](#).
