Highlighted colleges and universities are members of the Rochester Area Colleges (RAC) consortium. The nursing programs listed here are for students who have earned or will earn an Associate in Applied Science (AAS) Nursing Degree.

**Alfred State College (SUNY)**

The program is offered in an online format, providing flexibility and learning style choices for the adult student and working professional. Admission to the BS in Nursing program requires graduation from an accredited or state-approved associate degree in nursing or certified diploma program in nursing, and plans to secure licensure as a registered professional nurse by completion of the first semester in the program. Students must have an active, unencumbered state license to progress into the second semester of BS in Nursing courses. The minimum GPA requirement for admission is 2.00. The applicant's associate degree course work must include the following:

- A minimum of 30 credits of nursing
- A minimum of 24 hours of liberal arts and sciences credit
- A minimum of three of 10 SUNY General Education categories
- Eight credits of anatomy and physiology (taken at the same school in a classroom setting with a lab)
- A lab course in microbiology in the classroom
- Coursework in communication, literature, psychology, and sociology

**Brockport (SUNY)**

RN to BSN degree: For nurses who have an AAS degree and are licensed as a Registered Nurse (or new graduates need to prove eligibility to take NCLEX and proof of registration at the start of class). Students must apply to and be admitted by the College as well as the RN-BSN program.

Courses needed: A & P I and II, Microbiology, Soc, Psy, Lifespan, Chemistry & Nutrition are NOT required. However, any courses not taken can be completed during the course of the program (any time prior to graduation). There is a challenge exam available for the Lifespan course. The program is 100% on-line. Students will be awarded 64-credits from their ADN and will then be advanced up to 30-credits so that students start the program with 90-credits.

**Nazareth College**

RN to BS Degree-Completion Program  
Students may complete the program on either a full-time or part-time basis. The sequence of courses and the length of time necessary to complete the degree requirements vary with the individual and depend on the number of transfer credits, credits by examination, and advanced standing credits earned, as well as on the number of credits for which the student registers each semester. Completion of the AAS degree in nursing guarantees 60 hours in transfer credit to Nazareth’s RN to BS program.  
Contact Lynne Van Zandt, Associate Director of Transfer Admissions, lvanzan6@naz.edu, (585) 389-2055

**Roberts Wesleyan College**

RN to BS degree Completion Program  
This 15 month program meets one night per week at several western and central New York State sites or choose to complete coursework completely online. Admission criteria includes an RN license and employment as an RN for at least 20 hours per week. The curriculum is exam-free and uses your work environment to gain clinical practice experience in nursing leadership and in completion of a project to benefit patient care in the organization or the profession of nursing. Students have the opportunity to gain community health experience as well as assessment skills. College credit for previous life and work experience is earned by working with a Program Advisor to develop an individualized academic plan.
