The percentage of runners who finished the 2017 NYC
marathon.....

A blurred background image of a classroom with students sitting at desks. The image is framed by a white border with a spiral binding on the left side.

Do you know?

44%

The percentage of developmental writing students who went on to *take* First-Year Composition (at Onondaga, prior to ALP) ...

Before ALP

(from Spring '14 to Spring '15)

1657 students enrolled in Developmental Writing....

Only 53% of those students passed
Developmental Writing....

Only 44% of those students ever went on
to take First-Year Composition...

Nearly 20% of the students who passed Dev Writing never went on to enroll in First-Year Composition....

Two Questions:

1. What can we do to **eliminate the exit point** between Developmental Writing and First-Year Composition?
2. How can we **improve the curriculum** of Developmental Writing to increase pass rates?

The Accelerated Learning Program: A Co-Requisite Model

Structural Aspects of ALP

Developmental Writing students

- Enroll concurrently in developmental writing & first-year composition
- Have the same instructor for both courses, which are back-to-back in their schedule
- Comprise half of the first-year comp class (*the other half are students who place directly into first-year comp*)

The Accelerated Learning Program: A Co-Requisite Model

Pedagogical Aspects of ALP

The Developmental Writing curriculum emphasizes...

- Backwards syllabus design
- Integrated Reading and Writing
- Explicit attention to Non-Cognitive Issues

Attention to Non-Cognitive Issues

Affective Issues

Anxiety
Academic Self-Image
Confidence

...

Life Issues

Transportation
Health
Relationships

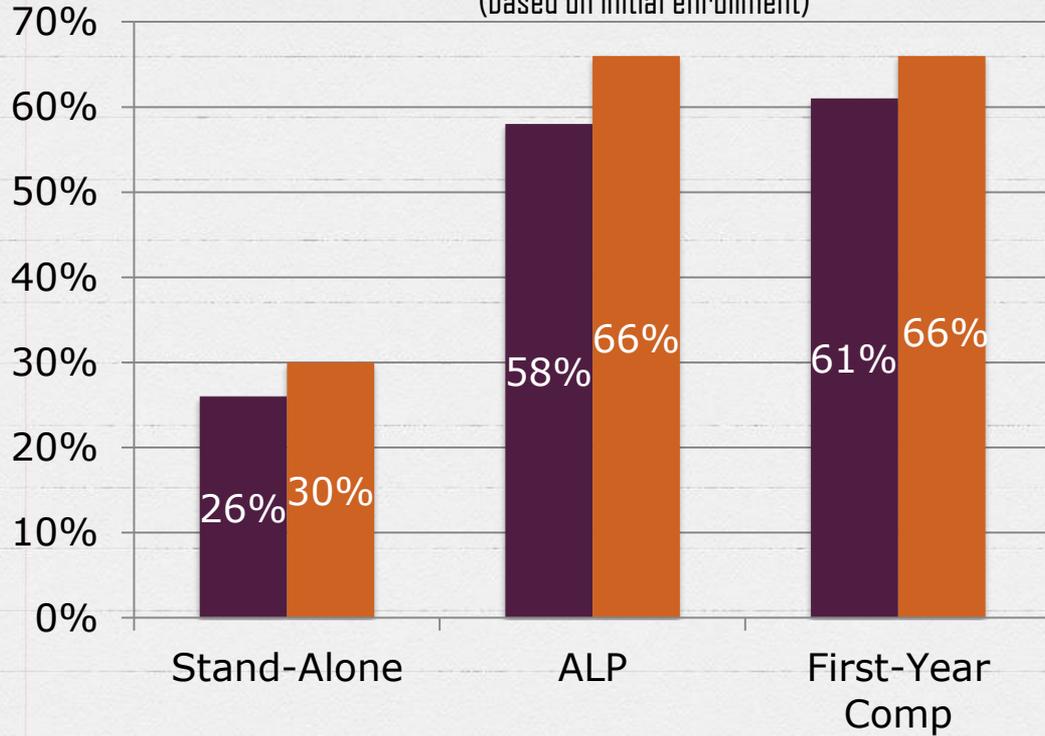

...

According to a 2001 College Teaching survey, the second most-common reason why students attend class is “because the teacher cares when I am there” (behind only “I feel guilty when I miss”).

Friedman, Paul, Fred Rodriguez, and Joe McComb. “Why Students Do and Do Not Attend Classes: Myths and Realities.” *College Teaching* 49:4 (Fall 2001): 124-33.

SUNY's Developmental English Learning Community

- \$622,000 Performance Improvement Fund award
- 2-year initiative
- Primary Goal: Grow Co-Requisite Developmental English Programs (such as ALP) across SUNY
- Focuses on Professional Development (central and regional convenings, webinars, site visits, WorkPlace exchanges)

Participating Schools
