

MONROE COMMUNITY COLLEGE - AREAS OF ASSISTANCE

If you are physically disabled and unable to evacuate via the stairs during an emergency, proceed to the closest area of assistance. Generally located near or at a stair tower, these areas are identified with wall signs marked “Area of Refuge”, “Emergency Assembly Area” or “Area of Rescue Assistance”.

Emergency personnel check these areas first during an emergency evacuation. If while waiting for assistance, life threatening smoke or flames develop, go inside the stairwell. Enclosed stairwells are constructed of fire resistance materials that provide fire protection for at least two hours. If you have a cell phone, call Public Safety (292-2911) to report your location.
